

ProGuard NRC Panel

Noise-reducing privacy screen for City barriers with GC rails · ProGuard NRC range

TECHNICAL FEATURES

Description

ProGuard NRC panel: a noise-reducing, privacy-screening panel of heavy-duty PVC fabric enclosing a Mondaplen sheet, for ProGuard City barriers with GC rails. The large rear pocket slips over the GC rails and is secured with a tensioning strap, so installation and relocation are very fast. The panels fold for minimal storage and transport space.
